COMPETITION TRACKS

To ensure an enriching and age-appropriate experience for all participants, the Robot Football Olympics (RFO) is structured into two main divisions, tailored to the developmental and technical capacities of youth aged 10 to 16:

Juniors

Seniors

Age	9 - 13 years	10 - 17 years
Match Format	Remote Controlled	Fully Programed
Team Size	2 - 4	2 - 4
Robot Type	Open	Open
Participation Type	Schools & centers	Schools & centers

HOW THE COMPETITION WORKS

From learning to innovation. in 4 simple steps:

1

REGISTER

Schools and centers sign up to join the championship.

2

TRAIN & PREPARE

Teams receive training to design, build, and program their robots.

3

COMPETE LIVE

Robots face off in action-packed matches inside a real arena.

4

WIN & CELEBRATE

Top teams battle for trophies, medals, and regional recognition.

Robot Football Olympics

Competition Segments

Each team in RFO 4.0 must participate in both of the following segments:

Innovation Project

Teams propose a tech idea to improve football and solve real problems.

Football Matches

Robots compete in live matches under official rules and scoring.
